 Entry Route

 Exit Route

Kiss 'n' Go Lane

You can use the Kiss 'n' Go lane, meaning a much speedier drop-off and departure, by getting a "blue pass" from your group if:

You have **2+ Campers** in the car.

Helps reduce the number of cars to manage, as well as our environmental impact

They are able to **carry their own kit** from the car park
There will be adults on hand to direct them, as well as maps.

 Speed Limit:
5 mph

Please respect the speed limit at all times, and be observant. You will be driving through an active campsite as you use the exit route, with young people potentially crossing the road.
